

Holistic Metacognition Reflection Rubric

This holistic style rubric brings together the scores from the Metacognitive Element Rubric.

For more detail about achieving “sufficient detail” for each Proficiency indicator, view the Reflection Videos or refer to the detailed Rubrics and Flowcharts.

Item	Proficient	Developing	Emerging	Insufficient Evidence	No Attempt
Identify a specific learning need [Monitoring]	<p>Difficulty: Clearly identify a learning difficulty</p> <p>Experience: Clearly describe experience in which learning difficulty arose</p> <p>Identification: Describe how the learning difficulty was identified (the evidence)</p> <p>Standard: Make explicit tie to learning expectations or other standard</p>	<p>Minimum: 2 proficiency items with sufficient detail plus 2 with only vague details</p> <p>OR</p> <p>3 proficiency items with sufficient detail</p>	<p>Minimum: 1 proficiency item with sufficient detail plus 2 proficiency items with only vague details</p> <p>OR</p> <p>2 proficiency items with sufficient detail</p>	Minimum: 2 proficiency items with only vague details	Does not meet the minimum requirements for Insufficient Evidence OR Nothing written in this regard
Evaluate how your learning strategies are working [Evaluating]	<p>Actions: Clearly describe actions taken or not taken to address the learning difficulty</p> <p>Assessment: Assess actions taken to improve learning</p> <p>Change/Confirmation: Express change in or confirmation of one’s thinking (about learning strategies or learning difficulty) as a result</p>	<p>Minimum: 1 proficiency items with sufficient detail plus 2 proficiency items with only vague details</p> <p>OR</p> <p>2 proficiency items with sufficient detail</p>	<p>Minimum: 1 proficiency item with sufficient detail plus 1 proficiency item with only vague details</p> <p>OR</p> <p>3 proficiency items with vague details</p>	Minimum: 2 proficiency items with only vague details	Does not meet the minimum requirements for Insufficient Evidence OR Nothing written in this regard
Create a specific plan to improve your learning [Planning]	<p>Goal: Describe a clear SMART goal</p> <p>Steps: Articulate action(s) to be taken</p> <p>Justifies: Explains/justifies choices being made to move forward</p>	<p>Minimum: 1 proficiency items with sufficient detail plus 2 proficiency items with only vague details</p> <p>OR</p> <p>2 proficiency items with sufficient detail</p>	<p>Minimum: 1 proficiency item with sufficient detail plus 1 proficiency item with only vague details</p> <p>OR</p> <p>3 proficiency items with vague details</p>	Minimum: 2 proficiency items with only vague details	Does not meet the minimum requirements for Insufficient Evidence OR Nothing written in this regard
